SUMMARY

I am a skilled and experienced WordPress Developer with 4 years of hands-on experience and strong proficiency in HTML, CSS, JavaScript, and Git. I specialize in building responsive, user-friendly websites using Elementor and WooCommerce. I create conversion-focused designs that are both visually appealing and functional.

My goal is to build fast-loading, scalable, and professional websites that align with modern web development standards and business objectives.

WORK EXPERIENCE:

Web Developer | 04 February, 2021 - Present

Elementor & WordPress Developer

- Specialized in building pixel-perfect websites using Elementor Pro, ensuring full responsiveness and optimized performance across all devices.
- Created custom Elementor widgets and templates tailored to meet unique client design and functionality requirements.
- Integrated a wide range of third-party tools and plugins with Elementor, including form builders, sliders, animation libraries, and marketing tools.
- Expert in converting Figma/PSD designs into fully functional Elementor pages while maintaining brand consistency and following modern UI/UX best practices.
- Optimized Elementor-based websites for SEO, loading speed, and accessibility, resulting in improved search rankings and user engagement.
- Collaborated directly with teams and clients to gather requirements, propose creative solutions, and deliver high-quality websites within project deadlines.
- Provided training and documentation to clients, empowering them to manage content and make updates confidently using Elementor.

RELEVANT PROJECTS:

Web Developer | Forazi Tach | 13 March, 2023 - Present

CTRL Music Group – WordPress Website

- Developed a modern, responsive corporate website using WordPress and Elementor Pro
- Designed custom Elementor templates and global styles for consistent branding
- Integrated WooCommerce, contact forms, sliders, and live chat features
- Focused on SEO optimization, accessibility, and fast loading (90+ PageSpeed score)
- Ensured full responsiveness across all devices and screen sizes
- Provided client training for easy content updates and future maintenance

EDUCATION:

2024 – Present | Bachelor of Science in Computer Science and Engineering, Uttara University

2022 | Diploma in Computer Science and Technology (CST), Sherpur Polytechnic Institute
